Information

For offender status or court event information, call **1-800-770-7657** or visit **www.vinelink.com** and follow the instructions. You can press 0 (zero) at any time to speak to an operator.

Registration

You can register to receive county notifications by phone, email and text messaging.

If registering a phone number, you will be asked to create a four-digit personal identification number (PIN) that will be used to confirm that the call was received. Make sure your PIN is easy to remember.

No PIN is required for email or text message notification. You will receive one email or text message when there is a change in custody status or court event notification.

To register for notifications concerning offenders housed in state prisons, you must contact the Michigan Department of Corrections, Crime Victim Services Unit at 1-877-886-5401 (toll-free). For additional information, visit the Michigan Department of Corrections' website at www.michigan.gov/corrections.

Notification

You will be notified about the following events:

- Release
- Death
- Transfer
- Court events
- Escape

Custody Status

You will be notified of custody status changes for offenders housed in county jails and the Department of Corrections.

Court Case Information

You will be notified about upcoming court events such as case status, dispositions, and hearing changes for scheduled court events.

When MCVNN calls, listen to the message, then enter your PIN followed by the pound (#) key when asked. Entering the PIN lets MCVNN know that you received the call and will stop the service from calling you again.

Your four-digit PIN

- If you feel you are in danger, call 911 immediately.
- Since MCVNN calls automatically when an offender's custody status changes, you may get a call from MCVNN in the middle of the night.
- If you do not answer a notification call, MCVNN will leave a message. If there is no answer, MCVNN will continue calling back until you enter your PIN or until up to 72 hours have passed.
- Do not register a phone number that rings to a switchboard.
- MCVNN is confidential. The offender will not know you are registered with MCVNN.
- You can register multiple phone numbers and email addresses for notifications.
- If you forget your PIN, call the toll-free number and press zero. You will be transferred to an operator who can help you reset your PIN or cancel notification.
- Operators are available 24 hours a day, seven days a week to assist you.

Do not rely solely on MCVNN for your safety. If you feel that you may be at risk, take precautions as if the offender has already been released.
